Wayland Public Schools Wayland, Massachusetts

Superintendent's FY 2020 Recommended Budget:

Executive Summary
Prepared for the
Town of Wayland Finance Committee

December 12, 2018

Executive Summary for Finance Committee

Request Documents by Finance Committee:

- 1. Reconciliation of FY 2020 Personnel and Non-Personnel Increases Over FY 2019
- 2. FY 2019 Enrollment
- 3. Enrollment Changes between FY 2019 and FY 2020 and How Calculated
- 4. Enrollment Impact on FY 2020 Budget
- 5. Breakdown of FY 2020 Budget by Object
- 6. Savings Yield from Building Special Education Capacity slide presented to Finance Committee in December, 2017
- 7. Median Hiring Salaries
- 8. Head count of Teachers by Step and Lane

Documents Enclosed in Respond to Documents Requested by Finance Committee:

- 1. Reconciliation of FY 2020 Personnel and Non-Personnel Increases Over FY 2019 reflects FY 2020 incremental increase over FY 2019 in the following formats: in total, by personnel and non-personnel. Schedules reflect budget changes and drivers by name and category and FTEs.
- **2., 3., 4. Enrollment and Class Size Report** provides FY 2019 enrollment, an explanation of how FY 2020 enrollment is projected, FY 2020 enrollment and class size forecasts and the changes between both fiscal years. This report also describes how enrollment impacts staffing.
- **3., 4. Special Education Populations** illustrates the number of students receiving special education services between FY 2016 and FY 2019 within and outside of the district.
- **3., 4. English Learner Population** identifies the population of students receiving English Learner services by proficiency levels and state requires services.
- **3., 4. FTE Reconciliation between FY 2019 and FY 2020** reflects the changes in staffing that took place in FY 2019 and the changes in staffing required for FY 2020 with explanations.

- **5. MUNIS report of Non-Personnel Budgets** reports FY 2018 actuals and FY 2019 and FY 2020 budgets by object code, or item, such as conferences, glass repair, and computer equipment.
- **6.** Savings Yield from Building SPED Capacity slide from December 11, 2017 presentation to Finance Committee summarizing savings yielded from building capacity in district to provide special instruction to students versus sending students out of district for services.
- 7. New Teachers Hired FY 2016 to FY 2019 outlines by fiscal year the number of new teachers hired, new FTE's, median lane/step, median salary, average new hire based on 1.0 FTE for each teacher and the average new hire salary based on actual new contracts.
- 8. Additional Item Requested to be provided during the week of December 17, 2018:
 - Head count of Teachers by Step and Lane.

Wayland Public Schools

Enrollment and Class Size Report: 2018-2019

Pen and Ink Image created by Wayland Middle School Student Mira Mills

Mr. Curran's 8th Grade Art Class, 2016-2017

Introduction

On October 1 of each year, Wayland Public Schools is required to record and report the total number of students enrolled by grade to the Massachusetts Department of Elementary and Secondary Education (DESE). DESE and the Commonwealth of Massachusetts uses October 1 enrollment to calculate the Town of Wayland's Foundation Enrollment and Chapter 70 funding. October 1 enrollment is also used by the district's administration to project class sizes and to identify trends in enrollment for subsequent years, which form the baseline upon which the district's operating budget is developed. Essentially, student enrollment projections drive staffing levels and enrollment trends identified in out-years inform the district's multi-year budget forecast model.

The Enrollment and Class Size Report provides a summary of 2018-19 October 1 enrollment by grade, school and elementary classroom, projected enrollment for the 2019-2020 school year and forecasted trends for 2021 through 2023.

Table of Contents

| October 1 Enrollment | 4 |
|--|----|
| Non-Resident Enrollment | 6 |
| Elementary Class Size | 8 |
| Student Demographics | 12 |
| Enrollment History and Forecasted Trends | 15 |
| Projected Enrollment | 17 |
| NESDEC Report | 25 |

October 1 Enrollment

Total enrollment in the Wayland Public Schools on October 1, 2018 was 2,697 students, which is ten fewer students than enrolled on October 1, 2017 and 43 fewer students than the number projected for FY19. October 1, 2018 enrollment by grade and school are illustrated in the table below:

| | | ENROLLMENT | BY GRADE | AND SCHOOL | | | | | | |
|-----------------|---------|------------|----------|------------|--------|-------|--|--|--|--|
| October 1, 2018 | | | | | | | | | | |

| DIFFERENCE | -6 | -12 | -12 | 31 | -11 | -10 | | | | |

The elementary schools decreased by a total of 30 students over last year. The middle school increased by 31 students and the high school decreased by 11 students for an overall decrease in enrollment of 10 students in kindergarten through grade 12 between the 2017-2018 and 2018-2019 school years.

The table below illustrates by grade level this year's **actual** enrollment change from last year's **actual** enrollment by grade level:

| ACTUAL FY 18 vs. ACTUAL FY 19 ENROLLMENT October 1, 2018 | | | | | | | | |
|--|---------------------------|-------|-----|--|--|--|--|--|
| GRADE | GRADE 2017-2018 2018-2019 | | | | | | | |

| 7 | 209 | 217 | 8 | | | | | |
| 8 | 208 | 210 | 2 | | | | | |
| 9 | 234 | 199 | -35 | | | | | |
| 10 | 210 | 236 | 26 | | | | | |
| 11 | 202 | 209 | 7 | | | | | |
| 12 | 213 | 204 | -9 | | | | | |
| TOTAL K-12 | 2,707 | 2,697 | -10 | | | | | |
| K-5 | 1,210 | 1,180 | -30 | | | | | |
| 6-8 | 638 | 669 | 31 | | | | | |
| 9-12 | 859 | 848 | -11 | | | | | |

The grades that decreased enrollment by double digits between FY 18 and FY 19 are those noted below:

- Kindergarten decreased by (38) students
- Grade 9 decreased by (35) students
- Grade 5 decreased by (34) students
- Grade 4 decreased by (10) students

The grades that increased enrollment by double digits between FY 18 and FY 19 are those noted below:

- Grade 1 increased by 29 students
- Grade 10 increased by 26 students
- Grade 6 increased by 21 students
- Grade 2 increased by 14 students

Reflected in the actual enrollment includes 9 Traditional Day Kindergarteners (1 Claypit Hill, 7 Happy Hollow and 1 Loker) and 21 students enrolled in the Spanish Immersion Program (Kindergarten) at Claypit Hill.

The budget and staffing levels for the 2018-19 school year were built on a projected enrollment of 2,740. Most of the variation in student enrollment that took place between FY 2018 and FY 2019 was anticipated through the methodology utilized to project enrollment for the following year. Budgeting staffing levels from projected enrollments ensures that the district can be responsive to enrollment changes, both increases and decreases. The following table compares **actual** enrollment versus **projected** enrollment for 2018-2019 by grade:

| | PROJECTED vs. ACTUAL ENROLLMENTS, K-12 October 1, 2018 | | | | | | | |
|------------|--|--------------|------------|--|--|--|--|--|
| | PROJECTED | ENROLLED | | | | | | |
| GRADE | Oct. 1, 2018 | Oct. 1, 2018 | DIFFERENCE | | | | | |
| K | 208 | 170 | -38 | | | | | |
| 1 | 226 | 225 | -1 | | | | | |
| 2 | 202 | 204 | 2 | | | | | |
| 3 | 194 | 194 | 0 | | | | | |
| 4 | 195 | 185 | -10 | | | | | |

| 7 | 223 | 217 | -6 | | | | | |
| 8 | 212 | 210 | -2 | | | | | |
| 9 | 204 | 199 | -5 | | | | | |
| 10 | 231 | 236 | 5 | | | | | |
| 11 | 210 | 209 | -1 | | | | | |
| 12 | 197 | 204 | 7 | | | | | |
| TOTAL K-12 | 2,740 | 2,697 | -43 | | | | | |
| K-5 | 1,226 | 1,180 | -46 | | | | | |
| 6-8 | 672 | 669 | -3 | | | | | |
| 9-12 | 842 | 848 | 6 | | | | | |

As a result of kindergarten enrollment being lower than projected, the number of kindergarten sections reduced from 12 sections to 10 sections: one fewer section at Claypit Hill and one fewer section at Loker. The kindergarten staffing FTEs also decreased by a total of (2.6) accordingly. Other shifts in total enrollment by grade, both above or below projections, did not impact staffing levels.

Non-Resident Enrollment

Of the 2,697 students enrolled in the Wayland Public Schools on October 1, 2018, 137 students are Boston residents enrolled in the METCO program, of which Wayland has been a participating community for more than 50 years. Boston student enrollment by grade and school follows on the next page:

| NON-RESIDENT ENROLLMENT - BOSTON RESIDENTS October 1, 2018 | | | | | | | | | |

| | | | | | | | | | |
| METCO K-12 | 30 | 19 | 9 | 35 | 44 | 137 | | | |

Of the Boston residents enrolled, 58 students are enrolled at the elementary school level, 35 at the middle school and 44 at the high school. The total number of Boston resident students enrolled in Wayland Public Schools remains consistent from year to year.

In addition to 137 Boston residents enrolled in the district, 80 students of non-resident staff members attend the Wayland Public Schools: 32 students attend elementary schools, 27 attend the middle school and 21 attend the high school. The total number of non-resident staff students enrolled varies from year to year and enrollment is dependent upon space availability. Enrollment by grade and school for non-resident staff is provided on the following page:

| NON-RESIDENT ENROLLMENT - STAFF STUDENTS October 1, 2018 | | | | | | | | |
|--|---------|--------|-------|--------|--------|-------|--|--|
| | CLAYPIT | HAPPY | | MIDDLE | HIGH | | | |

| 12 | | | | | 3 | 3 | | |
| STAFF | | | | | | | | |
| STUDENTS K-12 | 23 | 6 | 3 | 27 | 21 | 80 | | |

It is important to note that communities that participate in the METCO program are awarded a grant each year to support the educational opportunities for students enrolled. Additionally, the Commonwealth of Massachusetts includes METCO as well as non-resident staff students into the Foundation Formula used to calculate the Town's annual Chapter 70 aid.

Elementary Class Size

Strategies for Maintaining Target Class Sizes at the Elementary Level

Wayland Public schools employs a number of strategies to maintain class sizes in each elementary school within the School Committee's target class size range. Brief descriptions of three strategies used are described below and include employing buffer zones, implementing a hybrid full day kindergarten model and budgeting for projected enrollment.

Buffer Zones

In order to maintain equitable class sizes across the district, "buffer zones" have been designated for each elementary school. Buffer zones are used to assign students based on the capacity of each elementary school building. The zones are defined as areas in town from which individual addresses may be assigned to one of two elementary schools. Once assigned to a school, a student remains in that school throughout elementary school. Any street highlighted on the attached listings is in a buffer zone, and houses on both sides of the street are considered within the buffer zone. To view Wayland Public Schools buffer zones, click here: Wayland Public Schools Buffer Zones.

The buffer zones may be refined from year to year to strategically manage and accommodate growing elementary school enrollment with approval by the School Committee. Originally the geographic enrollment lines were drawn to support two sections for each grade level at Loker, three sections per grade level at Happy Hollow and four sections per grade level at Claypit Hill. Due to the increase in elementary school enrollment, the number of classrooms has increased. Loker grew from a total of 12 sections to 13. Happy Hollow has remained at 18 sections and Claypit Hill grew from 24 to 26 sections.

Hybrid Full Day Kindergarten

A second strategy that has been helpful in planning appropriate class sizes and allowing all families who are interested in receiving full day kindergarten programming has access. Wayland Public Schools offers a hybrid model of fee-based FDK in all three elementary schools. Ninety-five percent of kindergarteners in 2018-2019 are enrolled in FDK: 1 at Claypit Hill, 7 at Happy Hollow and 1 at Loker. The hybrid model is designed so that the 9 students who are enrollment in Traditional Day Kindergarten attend school in the morning and are dismissed mid-day whereas FDK students stay at school until afternoon dismissal.

Budget for Projected Enrollment

Of the total 57 classrooms in use across all three elementary schools, four rooms exceed target enrollment by one or two students at Grade 1. Anticipating larger class sizes at grade 1 at Happy Hollow this year, the district budgeted for and hired an additional teaching assistant to work across all three classrooms. On the pages to follow, a class size overview of each elementary school illustrates the total number of sections per grade level, actual versus projected October 1 class sizes, the number of non-resident students, target class sizes and the capacity for additional enrollment. Non-resident students are also reflected in the total Projected and October 1 Enrollment columns in the tables below:

2018-2019 CLAYPIT HILL CLASS SIZE

Student Demographics

The number of students by school, grade and classroom varies from year to year and drives staffing levels, as does the demographic make-up of learners enrolled in each classroom. In addition to driving staffing levels, the demographic make-up of our learners drives the need for appropriate learning spaces.

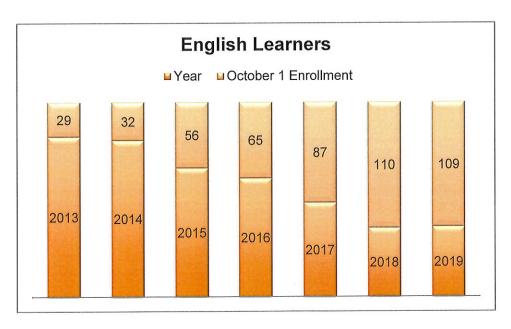

Each space for special subjects, such as technology, music, physical school building provides dedicated /wellness education and art. However, it is becoming increasingly challenging to create learning spaces required to deliver instruction to particular students who may require small group instruction.

The availability of appropriate space is scare, especially at Claypit Hill where learning spaces have been created from renovating offices, conference rooms and custodial storage areas as well as transforming book and copier/work rooms into learning spaces. Claypit Hill is also home to three district programs: Specialized Learning Center (SLC), Individualized Learning Center (ILC) and Spanish Immersion. Nine

students are enrolled between the SLC and ILC and 21 students are enrolled in the Spanish Immersion program.

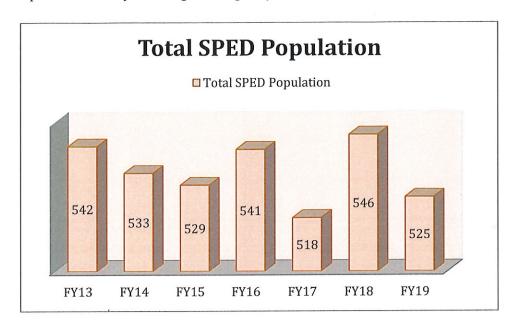

To better accommodate the mandated requirements for student learners at Claypit Hill, parent and professional meetings have moved into public spaces such as the cafeteria and materials, books and copiers are stored and used in corridors, which presents obstacles for safe passage through the hallways. Creating appropriate learning spaces has been an enormous challenge and there is no indication that the needs for space will decrease anytime soon.

A number of solutions are being considered to address the shortage of learning spaces at Claypit Hill. Although total enrollment can be projected using a cohort survival methodology with some level of reliability, the make-up of each category of learners is difficult to predict. For example, the number of English Learners (EL) has increased 68% in the last three years and as a result our professional and paraprofessional staff has also increased. The Commonwealth mandates specific services that must be delivered to English Learners based on students' proficiency levels within specific learning environments. For FY 2019 a budget was built to serve 85 EL students. The actual number of students who are receiving services totals 109. The bar graph below shows the growth in English Learners from FY 2013 to FY 2019:

Also mandated by the Commonwealth are the services required for students on individual education plans. The number of students on IEPs can vary significantly from year to year. The bar graph below illustrates

the ebb and flow of the number of students who received special education service in and out of the district, from preschool to 22 years of ages during the years of FY 2013 to FY 2019:

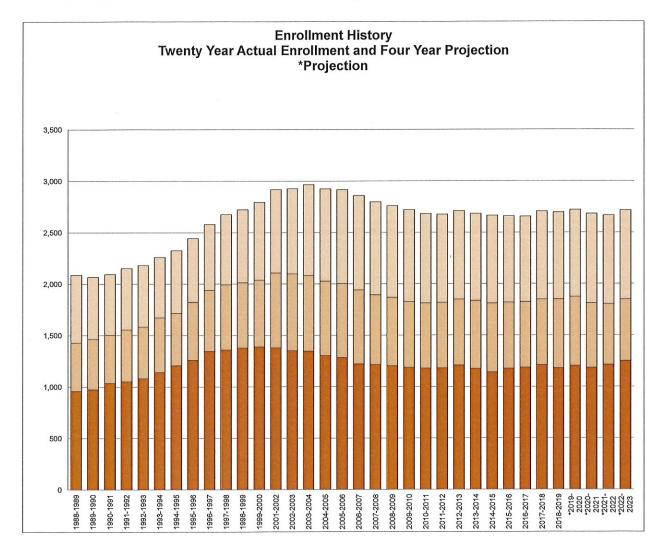

Efforts have been made to follow the recommendation by Special Education Consultants in FY 2016 to and deliver improved services to students more cost effectively by building capacity within the district. Since that time, Wayland has created the capacity to effectively serve more students with broad and varying needs in district rather than in out of district tuition-based programs. This year there are 56 students enrolled in special in-district programs. As mentioned, there are 9 students enrolled in the special elementary programs. At the middle school, 20 students are served within our Autism, Alternative Resource Center (ARC) and Language Alternative Programs (LAP). At the high school, the ALRT (Alternative Resource Team) program has 17 students enrolled and the LRT (Learning Resource Teams) program has 10 students enrolled.

Lastly, to address the needs of struggling students not on individual education plans, our RTI (Response To Intervention) programs require small group instruction within and outside of our general education classrooms. Serving students through general education program is effective in improving outcomes for students without individual educational plans.

Enrollment History

The graph below and the table on the following pages illustrates 20 years of Wayland's October 1 enrollment history in total and between elementary, middle and high school levels from FY1989 through FY2019, and provides a view of enrollment trends through FY 2023:

| | ENROLLN | IENT HIST | ORY and | PROJECT | TIONS | |
|-----------------|------------|-----------|------------|---------|--------|----------|
| YEAR | K-5 | 6-8 | 9-12 | TOTAL | CHANGE | % CHANGE |

For the last several years, total enrollment has leveled off. However, the district has experienced fluctuations in specific demographic groups and in grade levels beyond the number of students projected.

For example, during the last school year 29 students enrolled after October 1, mostly in the upper elementary and lower middle school grades and this year, 38 fewer students enrolled in kindergarten than projected.

Projected Enrollment

A three-year Cohort Survival Ratio (CSR) is the methodology used to develop enrollment projections for the Wayland Public Schools and is based on progression rates from grade to grade taking into account the number of live births, migration in and out of the district, student retention and housing turnover over the three prior school years. In addition, the Wayland Public Schools contracts with New England School Development Council (NESDEC) to conduct enrollment projections for the district based on October 1 actual enrollment. The results of NESDEC's compared with internal projections using the CSR method are included in the district's analysis of enrollment forecasts.

The CSR method has been employed for many years by the administration to make enrollment projections. The CSR uses progression rates and takes into account housing growth, migration, retention, withdrawals, transfers and births over the three previous school years and produces reliable next year projections for enrollments in Grades 1-12. However, the CSR is less reliable in predicting out-year enrollment as well as kindergarten enrollment.

Kindergarten enrollment forecasts are less reliable and are affected by several factors including postponed kindergarten enrollment, attendance at private full-day kindergarten programs, adoption, and housing turnover. There are several sources of data used as the basis for predicting kindergarten enrollment including census data from the Town Clerk, birth data from five years before kindergarten enrollment, and self-reported data from parents and local preschools. Wayland has traditionally used the second source, the three-year average of the birth-to-kindergarten ratio, i.e., the number of kindergarteners to the number of children born to Wayland residents five years earlier as reported to the Commonwealth's Department of Public Health Registry of Vital Records and Statistics.

In the chart below, the 3-year average CSR has been calculated for use in projecting FY 2020 enrollment by grade and school:

As mentioned, predicting kindergarten enrollment is more difficult and less reliable. As noted, Wayland has traditionally used the three-year average of the birth-to-kindergarten ratio. This method relies on census data from these sources and adjusts for postponements (at both ends), METCO and staff students, and possible retentions. Kindergarten enrollment projections are further refined during the year based on

self-reported data from parents and local preschools. The district's Special Education Department collects information from local preschools and parents of age-eligible children for kindergarten enrollment. Final kindergarten projections are made once kindergarten registration begins in the spring. At this time, the district has reliable data to support the projected kindergarten enrollment of 192 for FY 20. Of this total, 84 students reside in buffer zones.

Enrollment projections are used to develop the next year's budgets for staffing, spaces and non-personnel supplies and services. Staffing levels at all grade levels are predicated upon the number and demographics of students reasonably expected to be enrolled at the start of the school year. Elementary enrollment numbers by school and by grade are used in conjunction with the School Committee's Class Size Policy guidelines to determine the number of classroom sections needed at each grade level, which in turn drives the number of classroom teachers and specialists (e.g. art, general music and physical education teachers) required at each school and grade level.

Using progression rates, enrollment projections were calculated for FY20 as well as a three year forecast through FY23. Overall, Enrollment is expected to increase by a total of 23 students: 24 student increase at elementary, 0 change at middle and (1) student decrease at high school:

Using the progression rates calculated above, elementary school class sizes have been projected for FY 20. The district's administration is evaluating how to best accommodate projected increases in enrollment.

Enrollment and class size projections are illustrated on the pages that follow:

Not factored into the three year projections are enrollment projected from the three major residential units that are currently in various stages of development in Wayland: Rivers Edge planned for 188 units, Cascade planned for 60 units, and School Street planned for 12 units. Based on the percentage of student enrollment to the number of dwelling units generated from Commonwealth Residences, which opened in FY 2016, the district could expect approximately 68 new students in grades K- from these three new developments. The Town of Wayland's Building Director stated that, other than these three developments, there is little residential growth on the horizon for the Town. Enrollment growth will be generated through the turnover of homes as those residents who no longer have students enrolled in the schools move out of Wayland and are replaced with families with school-age children.

NESDEC Report

NESDEC combines the same progression ratio methodology as used by Wayland's administration within the context of the changing economy capturing the projected growth or decline and the impact on Wayland's school-age population. In addition to utilizing CSR,, the Wayland Public Schools contracts with New England School Development Council (NESDEC) each year to conduct enrollment projections

for the district based on October 1 actual enrollment. NESDEC's enrollment report is provided on the following pages:

Population of Students Receiving Special Education Services

| | FY16 | FY17 | FY18 | FY19 |
|--------------------------------|-----------|-----------|--------|--------|
| Pre-K | 31 | 24 | 24 | 24 |
| Elementary | 178 | 183 | 191 | 159 |
| Middle School | 136 | 106 | 117 | 124 |
| High School (includes TEC HS) | 161 | 170 | 183 | 186 |
| Out of District | <u>35</u> | <u>35</u> | 31 | 30 |
| | | | | |
| Total SPED Population | 541 | 518 | 546 | 525 |
| Total School Population | 2729 | 2714 | 2762 | 2751 |
| | | | | |
| % SPED Population (PreK-12/SP) | 19.82% | 19.09% | 19.77% | 19.08% |
| % SPED Population (K-12/SP) | 18.90% | 18.36% | 19.06% | 18.37% |
| % Out of District (K-12/SP) | 1.29% | 1.30% | 1.13% | 1.10% |

Out of District Population by School Level

| | FY16 | FY17 | FY18 | FY19 |
|----------------------------------|------|------|------|------|
| Pre-K | 0 | 0 | 0 | 0 |
| Elementary | 4 | 4 | 2 | 2 |
| Middle School | 6 | 5 | 5 | 7 |
| High School/SP | 25 | 26 | 24 | 21 |
| Total Out of District Population | 35 | 35 | 31 | 30 |

NOTES:

- 1. Counts are as of Oct 1 for fiscal years
- 2. Total school population includes enrollment numbers from school data, TEC HS students, Special Education PreK and out of district students
- 3. Out of district statistics include 1 student who is cost-shared with another public school district the other school district reports this student to DESE
- 4. % Spec. Education population K-12 based on school enrollment from school data, TEC HS students, and K-12 Out of District students (and those in SP programs)
- 5. Beginning FY18 TEC HS students are included in Out of District counts.
- 6. FY19- Projected Out of District = 30 students
- 7. SP includes students until age of 22 under special education regulations

Reaching/

Supports as needed and progress monitored

Notes

- 1. In Fall FY16 & FY17 State revised guidelines for instructional services (both years)
- 2. In Fall FY18, state revised exit criteria, service delivery law recommendations, and recalibrated ACCESS Scores to reflect higher standards.
- 3. The numbers outlined above include students who exited EL but continue to require progress monitoring by ELL staff per state regulations.
